

Dancehall Madness

Beat, March 2007

<http://www.beat.de>

Do you guess the content that hides behind the title of this DVD? Right, a release in manner of Sean Paul & Co.

(...)

A further thick plus: the soundlibrary is delivered within the Elastik-Loop-Player from ueberschall - under an elegant surface the brilliant soundengine allows you highspeed-timestretching and pitch shifting on Mac and PC.

(...)

Absolute nothing to criticize about this product.
