

## **Electro ID**

**Computer Music, June 2007**

**<http://www.computermusic.co.uk>**

(...)

Electro ID covers all the major 4/4, techy styles (from Detroit techno to banging electro house).

It offers plenty of big synth leads, basslines, percussion tracks and atmospheric FX, the majority of which are of good quality and fit the prevailing mood.

(...)

there's no denying that the Elastik engine makes it extremely easy to use the sounds as prescribed. As such, Electro ID is absolutely ideal for quick and dirty soundtrack work.

8/10
